Cyngor Cymuned Cilybebyll
Cilybebyll Community Council

Minutes of the Special Meeting of Council held on Monday 03 February 2020 at 11:00 am in the Rhos Community Centre

Presiding Councillor S Williams

Present Councillors D Jones, M Spooner, R Lewis, L Rees

157 RHOS BMX TRACK REMEDIAL WORKS

Members met with Andrew (Glantawe Landscapes) to discuss plans for the remedial works at the BMX track. Andrew estimated approx. £4,000.00 for the gravel and machine hire. He explained that he was unsure as to whether or not there would be rubbish to be removed from site which would add to the overall cost of the job. Members suggested that he cost this and add to the quote. RESOLVED noted.

Andrew suggested that as the track is to be extended slightly towards the allotments, then having a fence to close off the corner of the track would be advantageous. Members agreed that this was a good idea. RESOLVED that Andrew will provide Clerk with full, detailed written quotation in preparation for the full meeting of council on Tuesday 04th February 2020.

Andrew stated that the track may need some annual maintenance due to wear and tear. Members agreed that this could be budgeted for each year. He went on to explain that some BMX pump tracks have tarmac on the corners to make them more durable. This would likely cost a very large sum of money; members were happy to have a gravel track with some annual maintenance. RESOLVED noted.

Andrew stated that he would be looking to carry out the work on the weekend of 22nd – 23rd February. He stated that the work may take up to 4 days to complete. He stated that if the weather was bad, then it would be worth letting the track dry out once work has been completed for approx. 2 weeks to ensure the ground is solid. The track could then be re-opened to the public. Members were happy with this. RESOLVED noted.

During the previous special meeting of council, Cllr C Jones suggested getting top-soil from the Persimmon site. RESOLVED that CLLR C Jones arrange this to coincide with track works.

RESOLVED that Clerk cost signage for the track including H&S information and Glantawe Landscapes details.

Cllr M Spooner stated that the Section 106 funding was ready to be spent. The works at the BMX track could therefore be covered by the Section 106 funding. Cllr M Spooner and Clerk will meet with Paul Hinder, NPTCBC funding to discuss this further on 13th February 2020 and if appropriate, put in an application asap. RESOLVED noted.

158 CAR PARK EXTENSION WORKS

Cllr R Lewis mentioned that grass and soil needs to be removed, and a gravel layer placed in order to increase the capacity of the car park at Rhos Park (at the hard standing, under the trees). Andrew (Glantawe Landscapes) will provide a quote for this work. RESOLVED noted.

The meeting ended at 11:30 am.

Signed Dated 04 February 2020
