Apologies Councillors S Atkins, R Lewis, A Threlfall

1 REPRESENTATIONS FROM MEMBERS OF THE PUBLIC

Chair welcomed member of the public, S Jenkins, to the meeting. S Jenkins asked council as to the situation with the BMX track in Rhos Park. Cllr M Spooner explained that she plans to meet with Cllr R Stephens at the park to look at options with regards to developing the track and ascertaining what remedial works need to be carried out. This has not happened as yet due to the Covid situation. M Spooner stated that children are currently using the track, but council hopes to make improvements to the facility.

Chair stated that the BMX track had passed ROSPA play safety inspection and was therefore allowed to remain open.

S Jenkins explained that there are still football posts laying flat next to the track as well as some large stones and broken bricks. Clerk stated that she will contact Rhos FC to ensure the posts are moved. Cllr D Jones stated that Members are not happy with the condition of the track and the surrounding area and stated that this will need to be remedied. Members agreed with all points raised.

Chair suggested that this matter be discussed further in the next Project Committee meeting. RESOLVED noted.

S Jenkins was pleased with council's response to her comments. Chair thanked her for attending. S Jenkins left the meeting.

The meeting ended at 7:05pm.

Signed Dated 04 May 2021
